You'll find just about anything you can think of, and a few things you didn't know you needed, in Prince Rupert's eclectic shops. From charming antiques to modern boutiques, you'll find something to treasure. The folks who work hard running local businesses here are proud of the place they call home, they love this landscape, and there's no shortage of things to share with visitors. If there's something in particular you're hoping to check out, just ask, and you'll probably find more than you were looking for.
